Italian Crystal Growth 2021

crystal growth: from theory to application

Waiting for...ICG2021

The Italian Crystal Growth - Crystal growth: from Theory to Application Conference has been postponed to **16-17 December 2021**.

In the meanwhile, we are glad to invite you to participate in the following webinars:

October, 1st, 2020, 10:30: Prof. **Bogdan Ranguelov**
(Institute of Physical Chemistry of the Bulgarian Academy of Sciences)

«Reflection Electron Microscopy: crystal growth and phase transitions on vicinal Si(111) surfaces»

[At link: Webinar Ranguelov](#)

October, 2nd, 2020, 10:30: Prof. **Elisa Boanini** (Chemistry Department of the University of Bologna)

«Mimicking nature in order to design better materials: from biomineralization fundamentals to biomimetic materials»

[At link: Webinar Boanini](#)

Scientific Committee

Prof. Giovanni Battista **De Giudici** (*Università di Cagliari*)

Dr. Simona **Fermani** (*Università di Bologna*)

Dr. Paola **Prete** (*CNR, Lecce*)

Prof. Silvia **Rizzato** (*Università degli Studi di Milano Statale*)

Prof. Adele **Sassella** (*Università di Milano-Bicocca*)

Dr. Andrea **Zappettini** (*CNR, Parma*)

Organizing Committee

Dr. Linda **Pastero** (*Università degli Studi di Torino*)

Prof. Marco **Bruno** (*Università degli Studi di Torino*)
